

**REMARKS**

Favorable consideration of this application is respectfully requested in view of the above amendment and the following remarks.

Claims 1-4, 6 and 10-16 are pending in the application. Claims 1-4, 6 and 10-16 have been allowed. Claim 8 has been rejected. Claim 8 has been cancelled.

Claim 8 has been rejected under 35 U.S.C. §112, second paragraph, as being indefinite. The Examiner contends that the present specification provides no support for a kit comprising the means for administration of any drug, and that it is unclear how the invention is providing a method by which the progestagen and/or androgen is administered. In response, claim 8 has been cancelled.

In view of the above, withdrawal of the rejection of claim 8 under 35 U.S.C. §112, second paragraph, is respectfully requested.

A good faith effort has been made to place the present application in condition for allowance. If the Examiner believes a telephone conference would be of value, he is requested to call the undersigned at the number listed below.
